A ride panorama, my money in the slummer
Nigga talking down so you know I keep the hammer
... jammer, so don't say my name boy
I swear to fucking god, do not play with my aim
I'm aiming at your face, I just caught a case
A drop top belly and you know I won the race
So I keep that rifle bitch you know I want ya title
... I smoke purp and get higher

A a ride panorama, my money in the slummer
Through the city with that gucci bandana
Versace on my ear bitch I'm feeling like the president
Don't say my fucking name I'll send a killer to your
residence
Bitch I'm super heaven sent,... slamming in that range
rover
With that fucking baking soda
... counting dollars on my,
Nigga talking down till that ak hit his face off
