

Soulja Boy

"Everybody Hoe"

Visit "[Everybody Hoe](#)" on MotoLyrics.com

See, I love to smoke dope, dope
But keep it on the low, low
That's not your girlfriend
That's everybody's hoe
Everybody's hoe, everybody's hoe
That's not your girlfriend
That's everybody's hoe

Everybody hoe, everybody hoe
That's not your girlfriend, no
See, that's everybody hoe, everybody know
That's not your girlfriend, no

Oh, that's your girl
Well, I ain't even know it
100 K on my neck
You know I had to blow it
I pour it up, I hopped out
I walked in, I spent the guap
Then I bought the parking lot
See, that's not your girl, she was with my brother
She was with my homie, she was with my cousin
Damn, I'm the man
I got bands, let me tell you who I am
S o u l j a b o y
I'm so fresh, I'm so clean, I'm so fly
I smoke kush high, G 65
Damn, Soulja Boy fly
Man, that's not your girl, that's not your wife

See, I love to smoke dope, dope
But keep it on the low, low
That's not your girlfriend
That's everybody's hoe
Everybody's hoe, everybody's hoe
That's not your girlfriend
That's everybody's hoe

Everybody hoe, everybody hoe
That's not your girlfriend, no
See, that's everybody hoe, everybody know

That's not your girlfriend, no

You see I love to smoke dope, keep it on the low
That's not your girlfriend
That's everybody's hoe
That's everybody's hoe
See, that's everybody's hoe

And you niggas really slow, and you must be on
This chick that we ain't on, 60 on the phone
Blowing up my phone, in front of my home
Girl, leave me alone, I said girl, leave me alone
See that girl is not your girl right there
You see that girl is not loyal right there
'Cause I've seen her with my partners
You low down dirty skeezer
Rich Gang

See, I love to smoke dope, dope
But keep it on the low, low
That's not your girlfriend
That's everybody's hoe
Everybody's hoe, everybody's hoe
That's not your girlfriend
That's everybody's hoe

Everybody hoe, everybody hoe
That's not your girlfriend, no
See that's everybody hoe, everybody know
That's not your girlfriend, no

Everybody hoe, everybody hoe
Everybody hoe, everybody hoe
