i feel good everyday on ... work dough
soldier boy hell, yeah, i got that work dough
workaholic shawty yellow diamondz studio
i'm everyday working hard in the studio
hater clock in i'm on it
no yawn, all i'm thinkin bout is making money and that
new performance

think my fans tell them people that don't get the paper
until my haters listening to them ... can hate me later
yeah, tell those dudes that they can hate me later
cause ... line the paper
there is no thing that you can do to stop my ... power
so all of you cowards, please get devoured
hate me later, hate me later, hate me later, later, later,
later, later.
