That shit don't impress me, that shit don't impress me  
That shit don't impress me, that shit don't impress me

See I be flexin, sellin dope on the west side out of lexus  
These niggas hating on me man this shit might get  
reckless

Put you in the coffin for all of that flexin  
That shit don't impress me, you know I got money  
So when these niggas make it rain it's just funny  
You niggas ain't get money like lil dre told the tommy  
Tommygun shawty, I'm ... up, it was on busting  
Word around town, me and my click got the gwappin  
These niggas hating upon us cause they know they  
can't stop us

I pull up tees crib and I'm told in the choppa  
Let loose at the kids, I give a fuck I'ma pop em

[Hook]

You say you getting money, that shit don't impress me

Playin with lil dre I'ma let off a 30 clip  
When I shoot my gun, I'ma shoot it with confidence  
If you in my way you might get hit with extended clip  
My face on the magazine but nigga I'm with the shit  
Word around town bitch my chain cost a couple bricks
