I'm in love with Chanel, all these gold rings on my
fingers you can tell
I'm in love with Chanel, all these gold chains round my
neck, you can tell
I'm in love with Chanel, coco, I'm in love with Chanel,
coco
I'm in love with Chanel, coco, I'm in love with Chanel,
coco
Coco, coco

I'm in love with Chanel, all these gold rings on my
fingers you can't tell, Chanel
I walk inside the mall and I'm buying it by the belts,
Chanel
Hit my cellphone, private missus going ham, Chanel
I'm in love with bau maine, bam
Overseas in Paris main I got a bau maine
55 thousand dollars sitting on my tat
If it ain't a g, bitch I gotta send it back
Riding through the hood in an ammo call it flat
Hieroglyphic jewelry and it look like a€
I'm in love with Chanel, all my fucking jewelry shinning
hard you can tell
a€|like you sitting in the cell
Flipping different cards like oh my god I'm in here

I'm in love with Chanel, all these gold rings on my
fingers you can tell
I'm in love with Chanel, all these gold chains round my
neck, you can tell
I'm in love with Chanel, coco, I'm in love with Chanel,
coco
I'm in love with Chanel, coco, I'm in love with Chanel,
coco
Coco, coco

Shawty wanna turn up, she know that I'm poppin
In the vip, Chanel what I'm rocking
Gucci red bottoms and a bat for an auction
2012 racks with my pockets on sloppy
Pizza with the topping, soulja boy gwapping

Lamborghini pedal to the metal, no stopping, I'm gone
I'm in love for coco, riding through the hood and I'm
watching for coco
Catch me in the hood with that dark black 44
Nigga talk down put his body on the floor so
Shout out to â€¦ that's my man â€¦
Riding through the hood and you already know
And I made this beat

I'm in love with Chanel, all these gold rings on my
fingers you can tell
I'm in love with Chanel, all these gold chains round my
neck, you can tell
I'm in love with Chanel, coco, I'm in love with Chanel,
coco
I'm in love with Chanel, coco, I'm in love with Chanel,
coco
Coco, coco.
