Eleven years, all with some nickelbacks  
Walkin' through zone 3 with some dime bags  
Goddamn a young nigga was stupid bad  
All in the classroom, stupid bad  
Walkin' through the hood, I was stupid mad  
Tryna get new J's at the superhustle

Pullin' up on pikes with my lil brotha  
We do this shit for real, west side struggle  
Juice II and my interview with big diamond  
Flashing out on niggas like the big timers  
Ching ching  
On my private jet like ching ching  
Hop about that bitch, 9 nigga flashin'  
22, 23 million on my necklace  
Lil Dre, for real, young and reckless  
Pullin' up, foreign Porsche, hopping out  
Soulja got the juice

Pullin' up, cannon car  
Soulja got the juice  
Big choppa knock 'em down  
Soulja got the juice  
Big brightler, hundred round  
Soulja got the juice  
Soulja got the juice  
Pussy, Soulja got the juice

Pullin' up, foreign car  
Soulja got the juice  
Big choppa shoot 'em down

Choppa whole, a hundred round  
Soulja got the juice

Soulja got the motherfuckin' juice nigga  
Juice 2, I poll a deuce nigga  
Pullin' up, beefin' fuck a truce nigga  
Y'all already know what it do nigga  
A young nigga straight up out the west side  
They made it to the beats, I don't stunt it now  
My hood here, my ball like what's happening?  
I ride through my city, I'm packing  
Never lack and we ready for action  
Juice 2 splash and it's swaggin'  
I'm on a red carpet with 'bout 50 racks  
Hop up out the VIP like give me that  
And my niggas gotta get that cake  
So I'm pullin' up and getting cake  
And we hustlin' hard for everything  
I'm talkin' gold watches, I'm talkin' gold chains  
Flexin' on these peons  
What they know about 3 me and let one we huh?  
Young Dre, Soulja got the juice though  
Real talk, 10 full

Heavinly packin', heavinly stackin', heavinly getting this  
money  
Niggas flexin' but I really wanna run up on these with  
that stuntin'  
Young Soulja be flexin', go long dead man it ain't

Talkin' drope wiks, talkin' lotta tricks  
Know we always getting this money
