Pong, pong, pong, pong Soulja

On that ho, on that ho, splash

On that ho, on that ho, yeah

Watch this, watch this,

I just kicked it to her Michael Jackson, on that ho

Until she singing on my mike like Toni Braxton, on that ho

Then I Regie Nobo, time for some action, on that hoe

Watch this, watch this, watch this,

Ok, like Bobby Brown we can get it cracking, on that ho

Grain bag bitch, you know what I'm packing, on that ho

I ain't no pimp but I'm macking, on that ho

Watch this, watch this, watch this,

I be like fuck it, and get the mean mugging, on that ho

Yeah we be bucking if you niggas style something

Like in the A, magic city strip clubbing, on that ho

Make it rain like

Watch this, watch this, watch this,

I south side, on that ho

I east side, on that ho

I west side, on that ho

I north side, on that ho

Now do your dance, on that ho

Do your dance, on that ho

Watch this, watch this, watch this,

On yellow diamond Shawty, on that ho

Pull up in that brand new Audi, on that ho

I turned up the party, on that ho

And Shawty going so hard, she on the mollie

It's NBA how I bal, on that ho

Soulja boy hit the mall with Marley mall, on that ho

And I'm flying off on a private jet, on that ho

And I got a Porsche so you know my name, on that ho

You know I keep my swagger, on that ho

And you pull up on that brand new phantom, on that ho

Hey, want me hit that 2 chain, on that ho

Then I tell her bring the bindess while she twerking on the floor

I south side, on that ho  
I east side, on that ho  
I west side, on that ho  
I north side, on that ho  
Now do your dance, on that ho  
Do your dance, on that ho  
Now do your dance, on that ho  
Watch this, watch this, watch this,

I'm the king, on that ho  
Do it big, on that ho  
Pop a band, on that ho  
Whoop my dick, on that ho  
Now do your dance, on that ho  
Do your dance, on that ho, do your dance  
Watch this, watch this

Now when I pull up, you know it's something falling, on  
that ho  
And with them diamonds on, you know they ain't  
ignoring, on that ho  
And if she got an ass like a horse, I'm Ralph Lauren, on  
that ho  
Polo, polo, polo, polo  
Ok my niggas got keys like the doorman, on that ho  
We make them stretch like when you wake up in the  
morning, on that ho  
I get around and I ain't even started touring, on that ho  
Watch this, watch this, watch this  
She said I got the fucking formula  
Cause I got her trying angles like Bermuda, on that ho  
Oh you didn't know? I invented kamasutra, on that ho  
Break that, break that  
I'm almost done, but that don't mean I'm finished, on  
that ho  
Paper like a book and you ain't got a sentence, on that  
ho  
I'm not a bizness man, I'm a bizness, on that ho  
Watch this, watch this, watch this

I south side, on that ho  
I east side, on that ho  
I west side, on that ho  
I north side, on that ho  
Now do your dance, on that ho  
Do your dance, on that ho  
Now do your dance, on that ho  
Watch this, watch this, watch this.
