Performance

I got a pretty good performance  
When I'm standing on the stage, they screaming my  
name  
and they lookin at the diamonds inside of my chain  
Performance  
I got a pretty good performance  
When I'm standing on the stage they lookin at my chain  
Everybody know what I rep is the money gang

Back again, with the shit  
SOD gang, God damn we make hits  
Got a hundred on my chain, oh my God I'm filthy rich  
'Bout the bring the pain and game, Soulja tell 'em in  
this bitch  
and I'm standing on the stage, yeah they scream my  
name  
50 up, go ahead and go and make it rain  
I'ma do this, let's do it  
I'ma go ahead and throw it  
You fuckin know it  
Now watch me blow it  
Turned up to the max  
Let's do it fuckin big  
I'ma take to my city and show you where I live  
Down with them killers, they'll cut you down to half  
Everybody know I got a hundred on the map though  
One mil, two mil  
Three million dollars  
Mansions, ballin  
Soulja pop them collars  
and everywhere I go man you can't follow them models  
They taking pictures of me cause I stay poppin the  
bottles  
I stay in gollados, I stay wit the models  
I stay in the club, SOD poppin olives  
and you know what my name be, you know what the  
gang be  
You see the fuckin chain mane, you know that shit  
crazy
