Woke up this morning, roll a blunt of strome
Big yella bones, textin' my iPhones all day long
Turn my swag on, now I'm feelin' outta space
Lean to the head, man I swear that I can't feel my face
I got them brand new J's on where I'm walkin'
Money in my teeth so you know that I'm cash talkin'
If you hear me talkin' all this slang bitch, that's swag
talkin'
Shorty, swag talkin', I don't do the brang partna

Pretty boy gangsta

SODMG wrote across my motherfuckin' shirt
Pretty boy flirt make your man bitch squirt and squirt
Gorgeous Dre up in this bitch
Slingin' yella bombs that work
Haters hatin' on my turf
Hit them pussies where it hurt
Drop top black Lamb
Lookin' like goddamn
Got the sliddy rims on this bitch
Put me on TV man
Bring the camera crew so the warden came hard
I don't even know what's goin' on
I'm livin' too large and Imma

Smokin' on that cush pick all after bomb
I'm overseas, in Paris swithcin' lanin' a McLaren

Little Dre, man I swear
This is my dream come true
Rolex on my wrist and my chest is full of tattoos
