Every time you see me, man you know I'm so fly
On that jet, cut me on the red eye
See me in the city and I'm steady getting money
Guaped out shorty, ain't a damn thing funny
Everything 100, balls in her ass
Got money in my car, driving so fast
Honey slow down cuz you know you can't catch drag
Ridin through the hood and I'm feeling like yay
Uh, I got cash on my neck
Tattoos on my neck and yo girl in my section
VI people, bottle like you ask it
Everybody know we getting paper
Guaped out, I'm here with the pat lock
Stay with you now, niggas shootin ass shots
Niggas hatin on us, it don't really matter
SOD money gang, cashed and we cash it
I said we splashin, we splashin
I pull up to the block and my paint on the canyon
I say these haters can't stand me
And make sure Soulja Boy gon win a Grammy
