Sittin' up in the classroom, she getting' on my nerves
The teacher hollin' out, "Soulja Boy, do yo' work"
She talkin' 'bout adjectives, pronouns and verbs
I'm knocked out I ain't here, nothin' the class heard

I'm daydreamin' hard 'bout that stacks on deck
I don't know how I'm gon' pass my next test
I got my report card, I'm like, wut the hell is dis
I took it back to the teacher then I told her

Ayy, Soulja Boy chillin' dog
I just got my report card, looked at it, all F's
Took it to tha teacher desk
(Throw some D's on that)

I just got my report card
(Throw some D's on that)
Just got my report card, ayy
(Throw some D's, throw some D's)

(Throw some D's)

I always be in school, but I be walkin' halls
A lot of teachers give me test but they be super hard
I get into some trouble, then my mama calls
But after I get out the office I'ma tell 'em all dat

I'ma superstar and that's best
Every time you see me up in class, my head on that
desk
And when you see me on dem girls you know that I'm
super fresh
Yeah, teacher, students, class, stupid
(Wait a min.)

Ayy, Soulja Boy chillin' dog
I just got my report card, looked at it, all F's
Took it to tha teacher desk
(Throw some D's on that)
