Yo, just hit me on my sidekick
For real man, hit me on the tmail then
Hit me on this, this D-Wade right here, man
I'm in this mode right now, it's feelin' quite good, man

While I'm ridin' in the street
And I just flip this phone on you one time
Just flip it on you
(Super, super)

Talkin' to me shawty up inside
(Up inside)
Said a couple words and she gave me a hug
(Gave me a hug)

Pulled out the sidekick
(Three is on deck)
So much ice hangin' off my neck
(Neck)

Back to the talk so I flip the phone
(The phone)
Stacks on deck, don't get me wrong
(Get me wrong)
So hard with the white D-Wade with the suade 600
How much I paid

On my sidekick, on my sidekick, on my sidekick
On my sidekick, on my sidekick, on my sidekick
On my sidekick, on my sidekick, on my sidekick
On my sidekick, on my sidekick, on my sidekick

Hit me up on my sidekick, hit me up on my sidekick
Hit me up on my sidekick, hit me up on my sidekick
Hit me up on my sidekick, hit me up on my sidekick
Hit me up on my sidekick, hit me up on my sidekick

Hit me up on my sidekick, hit me up on my sidekick
Hit me up on my sidekick, hit me up on my sidekick
Hit me up on my sidekick, hit me up on my sidekick
Hit me up on my sidekick

Lookin' so fresh is my neck
(Is my neck)
While I'm texting these girls on my sidekick 3
Some call it two way, some call it sidekick

All I know is I'm gon' put it down with my kick
All white t-shirt with the phone to match
And when I flip it real quick it makes the girls kick it
I ain't gotta say nothin', but man I'm on \$650 just to talk
on my phone

On my sidekick, on my sidekick, on my sidekick
On my sidekick, on my sidekick, on my sidekick
On my sidekick, on my sidekick, on my sidekick
On my sidekick, on my sidekick, on my sidekick

Hit me up on my sidekick, hit me up on my sidekick
Hit me up on my sidekick, hit me up on my sidekick
Hit me up on my sidekick, hit me up on my sidekick
Hit me up on my sidekick, hit me up on my sidekick

Hit me up on my sidekick, hit me up on my sidekick
Hit me up on my sidekick, hit me up on my sidekick
Hit me up on my sidekick, hit me up on my sidekick
Hit me up on my sidekick
