Soulja boy tellem, Easy
After hard work,
After the long ride,
This is what you become,

All the long nights,
All the broke Days,
This is what you becoooooome,

This is what you becoooooome,

My name is soulja boy tellem,
Im a legend in my lyrics,
Lets do it,

I been hustling since 1999 back in 99 I had 99,
Money on my mind,
Lot of letters declined,

Now Im in my Prime,
Young mastermind,

Little sweated tears,
I shredded all the years,
Little sweated tears,
I shredded all the years,

When I look in the mirror,
Swag in the mirror,
Cash in the mirror,
Class in the mirror,

Soulja boy tellem,
You can call me beezy,
You whole Brother cause shhh,
Just too leady,
Now Bitchly,
Of this joint,
SOD on,

All the hoes want me,
All the hoes want me,
All the hoes love me,
All the hoes kiss me,
All the hoes hug me,
All the hoes nothing,

Nothing but trouble,
Money no problems,
They come in dozens,
They come in with cousins,
Sisters and Brothers,
They come in the kitchen,
They come in to mug you,
They come in to sign you,
They come in to find you,
They come in to front you,
They come in behind you,

And if you forget,
Let me remind you,
I'm coming to get it,
I want all the loot,

Man I'm so fly I got a Gucci parachute,
with the matching boots,
BOW POW

After hard work,
After the long ride,
This is what you become,

All the long nights,
All the broke Days,
This is what you become,

After hard work,
After the long ride,
This is what you become,

All the long nights,
All the broke Days,
This is what you becoooooomee,

This is what you becoooooome
