My niggas pull up with big bands, we're taking over, we

Bam, bam, like a, like a, big bitch, choppa, choppa  
Took her down, waka flocka, all in a fucking proper  
All in a fucking phantom, damn, dre no opera  
Niggas be talking but niggas don't want it  
Run up on me show me how I point it

Niggas stay robbing and then they killing  
Still they stealing to the first of the year  
To your face niggas talking don't really want it
