You claim like a â€¦  
Just to keep a hater hoping  
Two... just to keep a hater talking  
When you see me in the club  
I am making profit  
When you see me in the mall  
I am gucci shopping  
Down louis walking  
Many on my pocket I am gonna...  
Tell the hater stop it... around town

I made her in the mall with a friend...  
Double... shot sip it till it's empty  
... my hoe taking dollars I am gonna train it...  
Deserve a oscar money in my pocket  
I am ball like a baller  
... money and the paper â€¦ I see you later

Brought her to the studio winning  
Took her to my old hood winning  
I just got to keep you talking  
See me on the red carpet...  
I do it often  
... everyone is fan of me  
... I am gonna end it  
Wear it around town soldier  
Ain 't even finished  
Winning winning winning
