I'm in that Zan with that Lean
Smoke nothin' but Irene
Them hoes going crazy when I'm on the scene
Racks on the way busting out them jeans
I keep the hammer on me, I ain't worried bout a thing
I got all these bands on me
All this ice on me
All these hoes on me
Everything on me
Zan with that Lean
Nothin' but Irene
Hoes going crazy when I'm on the scene

Gotta go to the mall (Juice)
I gotta pull a band (Juice)
Fall off in the club, and I'm leaning like Kick Stand
All the ice on me (Juice)
All the bands on me (Juice)
All the racks on me, it's a masterpiece
Got the hoes scream my name
Player life it's shame, in the turning lane
In that drop top 5 flame
Bentley on them 4's got me shittin' on they ass

When I step inside the club wit them muthaf*ckin zans
SB my name, man you know that game
SOD all day put that shit straight to your face
Boy beat this case, now we got them racks
Now you got them hoes, now you got them tats

I'm in that Zan with that Lean
Smoke nothin' but Irene
Them hoes going crazy when I'm on the scene
Racks on the way busting out them jeans
I keep the hammer on me, I ain't worried bout a thing
I got all these bands on me
All this ice on me
All these hoes on me
Everything on me
Zan with that Lean
Nothin' but Irene
Hoes going crazy when I'm on the scene

Kush is on me (Juice)
Wit J-Money (Juice)
Running down i-20's looking for some freaks (looking
for some freaks)
Yellow diamonds shawty 100k a piece
Hop inside the VIP and all the girls on me
Zan with that Lean, Soulja Boy be clean
True Religion jeans
Shit you never seen, fresh up on that scene
Wit that high right low left
Man the boy got wealth, girls can't help they self
Girls going wild, lifting up they shirts
Pull up in that Lambo, that b*tch go skirttt skirttt
Every where I go you know I'm putting in that work
SOD my turf
Hit 'em where it hurt

I'm in that Zan with that Lean
Smoke nothin' but Irene
Them hoes going crazy when I'm on the scene
Racks on the way busting out them jeans
I keep the hammer on me, I ain't worried bout a thing
I got all these bands on me
All this ice on me
All these hoes on me
Everything on me
Zan with that Lean
Nothin' but Irene
Hoes going crazy when I'm on the scene
