Are you ready to kill again?
Do you like blood?
Do you enjoy the suffering?
I can see the abyss in your eyes
Your blood is as cold as stone
Your heart don't feel nothing
You have killed many people
And now, your subconscious is
Going to destroy you
No, you can't pray
You have killed many
People
And now, your own
Darkness will take revenge
ÂiAssassin!
Run and run
But you can't escape
Money won't pay your
Peace
ÂiAssassin!
Run and run
But you can't escape
Money won't help you this time.
Madness and sickness
Are playing in your brain
And your gun is not useful here
Assassin!
It's time to pay with your own head.
