"Behind The Mask"

Hiding a natural poison
Reciting your falseness
Killing in the name of god,
Your think that you are...
Their sons I know you
I see your dreams
I feel your hypocrisy
Behind the mask
Your mask
Can't hide
Your sadness
Behind the mask
Praying and promising
Our salvation
But the lujury
And perversion
Are you the passions?
Giving a false hope...
Offering grace and
Sins
Offering oppression...
Impotent is your god
Stupid is your faith
Behind the mask
Are the men that you
Really are?
Behind the mask
