Words!
Wrong interpretation, false submission
Words!
Used to obliterate the ignorance
Words!
Big abyss \hat{A} iOblivion the mediocrity!
Reason
Subjugated with blood, Subjugated with dogma's
Help
By a blind faith
Through the all times
Only survive the nature's man
A paradise promised
While we burn \hat{A} ihere! in our hell
An eternal salvation
While the reality dies
Over a sky crowded of misery
Hypocrite sermon
Denied nature
In the name of god, \hat{A} iCruelty prevails!
Keeping a false morality
Slowly, the will hung in the kingdom of death,
By his own doctrines
