Lost feelings return
So maybe I can learn
To stop this world of a lie
This time around

Are we, are we ourselves?
Are we, are we ourselves?

Because seen through these eyes
We lead a double life
No one will know
So check it out steppin' out here I go

Are we, are we ourselves?
Are we, are we ourselves?

Well, lost spirits return
So maybe I can learn
To stop this world of a lie
To this earth we are bound I ask you

Are we, are we ourselves?
Are we, are we ourselves?
