Hey driver, where we're going
I swear my nerves are showing
Set your hopes up way too high
The living's in the way we die
Comes the morning and the headlights fade away
Hundred thousand people...I'm the one they blame
I've been waiting long for one of us to say
Save the darkness, let it never fade away
In the living daylights.

All right, hold on tighter now
It's down, down to the wire
Set your hopes way too high
The living's in the way we die
Comes the morning and the headlights fade in rain
Hundred thousand changes...everything's the same
I've been waiting long for one of us to say
Save the darkness, let it never fade away
In the living daylights.

Comes the morning and the headlights fade away
Hundred thousand people...I'm the one they frame
In the living daylights.
