They say the world's an eventful place  
You give me news  
I don't want to know  
You say that I should care  
That I should speak my mind  
Oh, but how can I speak of the world  
Pushing by  
With a lump in my throat  
And tears in my eyes  
Have we come to the point of no turning back  
Or is it still time to get into  
The swing of things

Let us walk through this windless city  
I'll go on til the winter gets me  
Sleep...you wrote sleep, my dear  
In a letter somewhere  
Oh, but how can I sleep with your voice in my head  
And an ocean between us  
And room in my bed  
Have I come to the point where I'm losing the grip  
Or is it still time to get into  
The swing of things

When she glows in the dark  
And I'm weak by the sight  
Of this breathtaking beauty  
In which I can hide  
There is a worldful out there  
Of people I fear  
But given time I'll get into  
The swing of things  
Yes, when she glows in the dark and I'm struck by the  
sight  
I know that I'll need this for the rest of my life

What have I done  
What lies I have told  
I've played games with the ones that rescued my soul  
Have I come to the point where I'm losing the grip  
Or is it still time to get into
