"Here I Stand And Face The Rain"

Help me, I need your love, don't walk away
The dark scares me so, we're nothing apart
Let's stay friends forever, forever

Here I stand and face the rain
I know that nothing's gonna be the same again
I fear for what tomorrow brings

Trust me for who I am, place all your faith
Into these hands, I got nothing to say
But let's stay friends forever, forever
Here I stand and face the rain
I know that nothing's gonna be the same again
I fear for what tomorrow brings

Here I stand and face the rain
I know that nothing's gonna be the same again
I fear for what tomorrow brings

Here I stand and face the rain
Knowing nothing's gonna be the same again

Here I stand and face the rain
Knowing nothing's gonna be the same again
