The lights change on the hill  
The air seems strangely still  
Everyone's asleep

The floorboards creak at dawn  
As you walk out on the lawn  
The grass is wet beneath

You think it rather strange  
You think it rather weird  
It's fair to say that  
Nothing is keeping you here  
Nothing is keeping you here  
Nothing is keeping you here

The phone is off the hook  
As you sink into a book  
You don't know where you are

From the world; detached  
Unto a girl you latched  
It never got too far

And everybody talks  
And everybody stares  
It's safe to say that  
Nothing is keeping you here  
Nothing is keeping you here  
Nothing is keeping you here

And everybody's dawn  
And everybody cares  
You knew your day to shine  
Would come without you here

Come without you here...  
Nothing was keeping you here  
Nothing is keeping you here
