The sun brought me
The moon caught me
The wind fought me
The rain got me
The road sent me
For years bent me
The stars overwhelmed me
Time and again

But now I can't see the stars
The star is a thing I can't see
And now I don't feel the same
To feel is a thing I can't be

Earth crushed me
Fame brushed me
The streets hushed me
As life touched me

Time placed me
Events dazed me
Love saved me
Now and again

But now there can be no love
Love is a thing I can't be
And there can be no trust
Trust is a thing I can't see
But now there can be no love
Love is a thing that can't be
Now I can't be so strong
Strong is a thing I can't be
Time and again
Time and again

The sun brought me...
