You say you want some fun  
You're not the only one  
Not the only one

And you say you wanna run  
You're not the only one  
Not the only one

You will never get over me  
I'll never get under you  
Whenever our voices speak  
It's never our minds that meet

You will never get over me  
I'll never get under you  
Whenever our voices speak  
It's never our minds that meet

You say you want some  
You're not the only one  
Not the only one

And you, you say you've come undone  
You're not the only one  
Not the only one

You will never get over me  
I'll never get under you  
Whenever our voices speak  
It's never our minds that meet

You will never get over me  
I'll never get under you  
Whenever our voices speak  
It's never our minds that meet

You'll never get over me  
You'll never get over me  
You'll never get over me

You will never get over me  
I'll never get under you

Whenever our voices speak  
It's never our minds that meet

You will never get over me  
I'll never get under you  
Whenever our voices speak  
It's never our minds that meet

I will get over you  
I will get over you  
I will get over you
