

Deaf Havana "Cabin Fever"

Visit "[Cabin Fever](#)" on MotoLyrics.com

My feet, have been dragging for days.
Because these lines won't write themselves.
And no sleep
Is playing tricks on my brain, and my mental health.

If I could write this song,
Maybe you'd sing along.
But it's something i doubt,
So we'll force something out,
And act like nothing's wrong.

And I felt, like giving it up, but I'm sick of sticking it out,
Besides, I'm fucking up and I have nothing to moan
about.

If I could write this song,
Maybe you'd sing along.
But it's something i doubt,
So we'll force something out,
And act like nothings wrong.

If I could write this song,
Maybe you'd sing along.
But it's something i doubt,

So we'll force something out,
And act like nothings wrong.

Bottle up inside to keep on saving face,
But if I had my way then I'd just laugh my way right on
to the front page.
But I doubt it,
I d-d-d-d-doubt it, doubt it.

If I could write this song,
Maybe you'd sing along.
But it's something I doubt,
So we'll force something out,
And act like nothings wrong.

If I could write this song,

Maybe you'd sing along.
But it's something I doubt,
So we'll force something out,
And act like nothings wrong.

Like nothings wrong,
Like nothings wrong,
Like nothings wrong,
Yeah.
