So where do I begin?

I woke up today
And dragged this broken suitcase through the rain
I've been searching for the inspiration I've lost along
the way.

And you said before I left,
"James, don't you drink yourself to death",
Well my darling I'm not afraid
I can't keep that promise or even try my best.

So while you sleep alone tonight
I'll be up 'til the morning light
So for now things will be alright

Now the place that felt like home for these past seven
months
Is nothing but a number on a door in a street that felt
familiar once.
And I've got this great ability to ruin everything that's
good for me
And I swear I won't be satisfied 'til everything goes
wrong.

While you sleep alone tonight
I'll be up 'til the morning light
So for now things will be alright
And I know soon there'll be a day
When these glazed eyes will fade away
Cause the truth is I'm not okay

I will start again, I will retrace every step
I will start again, I'll start a...
Oh, again!

So while you sleep alone tonight
I'll be up 'til the morning light
So for now things will be alright
And I know soon there'll be a day
When these glazed eyes will fade away
Cause the truth is I'm not okay
So while you sleep alone tonight

While you sleep alone tonight
While you sleep alone tonight
I'll be up 'til the morning light
Tonight
