Never lay down and never sit back, do what the fuck
you want and set your own track
I'm gona tell you right now
Were gona make it in this town
And when our eyes are heavy
Were gona keep it steady
All our sights are set on the above
When the push comes to the shove
We have such divine inhibitions
I'm gona tell you and you will listen

And for what it's worth
It sure as hell aint worth a lot

Were gona keep sleeping on these rooftops
And you'll never get us down, and you'll never get me
down
Were gona keep singing all our own songs
And you'll never get us down, and you'll never get me
down

Were gona stay like this forever
Because the more friends that you have the better
I'm gona let you know the whole truth
That it aint worth nothing without the proof
Your face was all so terribly priceless
And I'm ever so sorry I missed this
I know you didn't mean it
But I'll settle for a smile as long as you clean it

And for what it's worth
It sure as hell aint worth a lot

Were gona keep sleeping on these rooftops
And you'll never get us down, and you'll never get me
down
Were gona keep singing all our own songs
And you'll never get us down, and you'll never get me
down

We'll keep singing all our own songs

Were gona keep sleeping on these rooftops
And you'll never get us down, and you'll never get me
down
Were gona keep singing all our own songs
And you'll never get us down, and you'll never get me
down
