When will I see you again?  
When will the ending begin?  
Bathed in the sunrise  
Tears in your third eye  
When will your arms take me in?

Grind me to dust in the palm of your hand  
Grant me a taste of your red womb  
Gnaw on my bones in the knives of your smile  
Grant me a touch of your red womb  
When I see you again

When will the healing being?  
When will your teeth rip my skin?  
Bleeding and burning  
Turning and turning  
When will your arms take me in?

Grind me to dust in the palm of your hand  
Grant me a taste of your red womb  
Gnaw on my bones in the knives of your smile  
Grant me a touch of your red womb  
When I see you again
