The deeper that I get
The more the fear grows
I feel the pleasure from within
Heal the scars that remain
See I'm standing to close
To what I am
I'll never realize what I could be
I never will
I know more I know
I know more I know
Close enough to the edge
My feet they drag
It helps to keep me down inside
Where I belong
Now I'm trapped in the shell
Of another man
One more time is all that bleeds me
I'm not to be
I know more I know
I know more I know
I know what it's like to want and never have
I know what it's like to live and never be
I know what it's like to touch and never feel
I know what it's like to see and never know
The deeper that I get
The more the fear grows
In the dark my hands take flight
Now I can feel the wind rise
Now I'm free of the shell
Of another man
Now I realize what I could be
And someday I will
I know more I know
I know more I know
I know what it's like to want and never have
I know what it's like to live and never be
I know what it's like to touch and never feel
I know what it's like to see and never know
