Welcome obliteration  
Justified elimination  
A message to me across the sea  
She's gone and soon you will be too

Welcome obliteration  
Justified elimination  
A message to you  
I'll see it through  
Avenging her sacrifice undue

Relentless  
Relentless  
Relentless  
Coming for you

Welcome obliteration  
Justified elimination  
I came a long way here for you  
And I'm not leaving 'til I'm through

Relentless  
Relentless  
Coming for you
