Tell me
Where did we go wrong
Help me
Cause I don't feel that strong
What can I do
But go on and on and on
We've been a burden to each other
For too long

I won't blame you blame you
I won't blame you
But all went wrong in this chilly home
I won't blame you
Honey, just tell me what to do

Save me
From this jealousy
Maybe
I'm just to blind to see
Those happy days
They went one by one
Little darlin' now we discover
All is gone

I won't blame you blame you
I won't blame you
But all went wrong in this chilly home
I won't blame you
Honey, just tell me what to do

To tell you the truth
I went on and on
Kept pretendin' love was never-ending
All along
