Woke up this morning with my heart on fire  
held on to what I'd been dreaming  
woke up this morning, I had one desire  
to get back to what I'd been seeing

Heaven  
it was heaven  
I have never known a bliss  
witnessed anything like this

Glowing all over as I started on my feet  
thought I heard somebody calling

Heaven  
it was heaven  
now I know I've seen the light  
make it go on shining

I keep on searching for the way to your heart  
try to believe it's getting better  
baby, take me all the way to your heart  
I want you

All the sweet kisses, all the tenderness  
that are being shared all around me  
only remind me of my own distress  
no loving arms to surround me

Falling  
I am falling  
you could help me out again  
being mine forever

I keep on searching for the way to your heart  
try to believe it's getting better  
baby, take me all the way to your heart  
I want you

You got it, you got it  
there'll be no doubt about it  
nobody's going to keep me from you  
I want you, I need you

I'll find a way to get through  
nobody's going to keep me from you

Heaven  
it was heaven  
now I know I've seen the light  
make it go on shining

I keep on searching for the way to your heart  
try to believe it's getting better  
baby, take me all the way to your heart  
I want you

I keep on searching for the way to your heart  
try to believe it's getting better  
baby, take me all the way to your heart  
I want you, I want you

Keep on searching, for the way to your heart  
try to believe it's getting better  
baby, baby, baby, baby,  
I want you
