Baby please don't go any further
I've seen it all before
Do we mean to hurt one another,
Fight for evermore ?

Should I go and look for some reason
Should I blame myself ?
Should I try and take it easy
Should I cry for help
Would anybody hear me ? Oh no !

Don't tell me we're
Through before we even started
We never ever really tried
How can you be so evil-hearted
And drop me in the darkest night ?
Sad sad feeling
To be fooled by love
I know this feeling
Wanna go and shake it off

Baby please don't go any further
I've walked this road before
Let me stop, lay down my burden
Not worry any more
Would anybody care ? Oh no !

Don't tell me we're
Through before we even started
We never ever really tried
How can you be so evil-hearted
And drop me in the darkest night ?
Sad sad feeling
To be fooled by love
I know this feeling
Wanna go and shake it off

Now why have I been making the very mistakes again ?
I dread the news you're breaking and welcome back
the pain

Sad sad feeling

To be fooled by love
I know this feeling
Wanna go and shake it off

Oh please baby, don't go now, oh no
Oh please baby, don't go now, oh no
