Fear (of) the insecure  
Threatening to stop  
Disillusioned  
Too easy to crush  
All colors fade (away)  
Helpless in this broken thought  
Can't get enough  
Dependence now controls

Suffocate  
The crash will involve  
One who has been crushed  
Helpless in broken thought  
Incapable of trust  
Escape to habit  
Running doesn't solve  
Can't get enough  
The pain begs for more

Now as if not there  
Agreement has dissolved  
Too east to crush  
Dependence now controls
