If you really wanted to go
There were other ways to say so
Write me notes of your intent
Tell me so and I relent
If you really wanted to go
There were other ways to say so
But none would quite compare
To the way you left me here

You want it
So take it
Don't break it
Regret it
Don't leave me
Forsaken
Forgotten
Neglected

If you really wanted to go
Why was I the last one to know?
Masked the faces of our friends
With fake concern exuding grins
If you really wanted to go
There were other ways to say so
But none would quite compare
To the way you left me here

You want it
So take it
Don't break it
Regret it
Don't leave me
Forsaken
Forgotten
Neglected

And I'm at a loss
So please explain
Why yesterday
You were laughing at me
We're holding hands
Out in the rain

Without an umbrella
Soaking and
And you kept saying
Baby, such a shame

If you really wanted to go
There were other ways to say so (say so)
But none would quite compare (say so)
To the way you left me here

And I'm at a loss
So please explain
Why yesterday
You were laughing at me
We're holding hands
Out in the rain
Without an umbrella
Soaking and
When I smiled at you
You looked away
Pretending to see someone you knew
And you pulled that trick again
And I became
Your personal laughing stock
And you said
Baby, such a shame
