Don't you think it's time
You told me who you are?
No better place than now -
The back seat of your car.
You've got this thing, you know,
This thing that makes me want to eat you up.

Don't you think I know
What you want from me?
But you remember how
I like it on my knees
You've got this thing, you know,
This thing that makes me want to eat you up.

And aren't you just so -?

Don't you think I wish
That love could melt like snow?
Acid in your smile,
I think it suits you so

(Guitar solo)

Don't you think that I
Would regret all this?
Whenever you are wrong
You seal it with a kiss...
