Give us this day our daily bread which I've stolen from  
above  
And nothing sounds as sweet as this to me  
My walls are running thin and there's no place left to go  
And time is running out (so here I go)

And we're ready to live and we're ready to love and  
we're ready to fight  
And if you took my hand girl I'd of made it through that  
night (through that night)  
But you never showed because you know some of my  
best kept secrets  
And now I'm gone

The pressure is building up so high and it's more than I  
can take  
And I'm ready for the fall just to lose it all  
My heart is skipping beats and my hands begin to  
shake  
The poison in my veins is killing me

And we're ready to live and we're ready to love and  
we're ready to fight  
And if you took my hand girl I'd of made it through that  
night (through that night)  
But you never showed because you know some of my  
best kept secrets  
And now I'm gone

All this you promised me (stop pretending)  
All this you promised me (is never ending)

With everything I gave  
There's nothing left to say  
I'll hold it in; deep within  
And take it to my grave  
A second chance is all I need to throw it all away  
And live another day

For this I'm wondering  
And for now I'll save my last breath for you and just for  
you

One last breath
