You can never be rich  
If I always stay poor  
If you take up the bed  
I'll make one up on the floor.

You can never be right  
Unless you think that I'm wrong  
You will always be weak  
If I never am strong

I could never be you  
You could never be me  
And that's the one thing on which you and I agree  
If we don't have a trial there's no need to go free  
You keep being you and I'll be me

You can never be big  
If I make you feel small  
You'll never put me on hold  
If I don't answer the call

If you never enlist  
You'll have to skip your desert  
If you don't give me a kiss  
I can never be hurt
