As free as the poetry  
Within the boarders of speech  
These years will pass  
Just skipping roles  
Distant chime and the birds  
Will bring back the memory

And you will wipe away  
Every tear from my eyes  
And you will cry for me  
With every tear in your eyes

And all our attainments are losses  
And everything we build will collapse  
And every engagement is a divorce  
And who ever will be born  
Will die

When joy comes through tears  
But hate comes through love

With a sore heart  
So far so good  
Till midpoint  
I'll have a long way to go
