Oh, Christi
Tell you what I want to hear
Yeah, Christi
Tell me what I want to hear

You can't see without me
You'll live and leave without me
You can't run without me
You'll only leave without me

Yeah, Christi
Tell me what I want to hear
And Christi
Show me what I want to see
Christi
Show me what I want to see

You'll only cry without me
You'll never try without me
You can't walk without me
You'll never fly without me
You can't eat without me
You'll only breathe without me
Yeah, and Christi
Tell me what I want to hear
Christi
Tell me what I want to hear

You'll never cry without me
You'll never fly without me
You'll never walk without me
You'll never choke without me
You can't see without me
You can't eat without me
You'll only cry without me
You're gonna die without me (x5)
