Words & music by chris cornell

Unreleased

You and I went deeply, you and I went far and wide  
You and I went gently, you and I went for a ride  
But somewhere in the ashes of this burning lovers  
game  
Somehow you decided you would find another flame

And as you lay sleeping with you eyes softly shut  
I'll be cleaning my gun  
When heaven or hell takes this life, I'll be done

You never lied to me, never said you'd be around for  
long  
But somehow I believed that would be my only one  
Cause you know where I'm going, you know where I'm  
coming from,  
Now this train is slowly coming to it's final destination

As you lay sleeping with your eyes softly shut  
I know it ain't me that you're dreaming of

Mother always told me love would save me from myself  
Daddy always said that love would take me straight to  
hell  
Sometimes they were righteous sometimes they were  
Oh so wrong
