"Fopp"

Fopped last night and the night before
I had to fopp outside and then I went indoors
Fopped so hard I made the people warm
They stood back and gave me all the floor

I did the fopp, the fopp
They wouldn't let me stop
Yeah I was foppin' and rockin'
Had the house hoppin'

Foppin', the way it makes you go, everybody was
Foppin', everywhere you go, do all your
Shoppin', wiggle to the floor, everybody was foppin'

Fopp with me and I'll fopp with you
Foppin' is the brand new thing to do
Fopped so hard that I lost my shoe
I fopped so tough they had to make some room

Break your leg, don't you fopp your back
Do your thing, don't you give no slack
Shake your hips and then you turn around
Well first you fopp it up
And then you fopp it down

Fopp me right, don't you fopp me wrong
We'll be here foppin' all night long
I'm too short, baby, and you're too tall
But when we're foppin' that don't mean a thing at all

Foppin', the way it makes you go, everybody was
Foppin', everywhere you go, do all your
Shoppin', wiggle to the floor,, everybody was foppin'
