"Gun"

Visit "[Gun](#)" on MotoLyrics.com

Written by chris cornell

I got an idea of something we can do with a gun
Sink load and fire till the empire
Reaps what they've sown
Shoot shoot shoot till their minds are open
Shoot shoot shoot till their eyes are closed
Push push push till we get some motion
Push push push till the bombs explode

I got an idea
We can do it
All on our own
Nothing to worry
Regret must weigh a ton
Kick kick kick till the laws are broken
Kick kick kick till the boots are worn
Hit hit hit till the truth is spoken
Hit hit hit till the truth is born

I got an idea of something
We can do with a gun
