(Two, three)

These tears to remember
These tears to forget
When I try to cry one, these tears do forget you

I suckle life
It's love and it's beauty
Well, I scream for life
It's honour and it's beauty

These tears to remember
These tears to forget
When I try to cry one, these tears they do forget you,
you, you

I suckle life
It's love and it's beauty
Well I scream for life
It's honour and it's beauty

Remember, forget
