Take of your lies and walk with me
Everyday
White human wake up
Everyday anyway
Between the child and
The faceless man anyway
I found a place where
I can hide everyday
Come out and play with me
Come out in the rain
The rain is full of ghosts
The rain is full of us
Lets walk the green see
Everyday anyway
Lets go across the sea
Anyway in the rain
Who are these shadows
Anyway in the rain
Is this the rain now
Anyway everyday
Come out and play with me
Come out in the rain
The rain is full of ghosts
The rain is full of us
We need more
As teardrops dissolve in the sea
The rain is full of ghosts
The rain is full of us
Can you feel the rain
The rain is full of ghosts
