A tear ran down his face
As she started to leave
He said, Baby, don't do this
I'm beggin' you please
What can I say to stop you
From walkin' out on us
I'll do anything to save our love
She said I'm through talkin'
You know I've tried my best
I gotta leave right now
I've got a plane to catch
And he said....

People miss planes
It happens all the time
They cancel their plans
They change their minds
Listen to your heart
Before you go too far
Baby, turn around
Before it's too late
People miss planes

She made it to the airport
In the nick of time
In a moment she'd be gone
Yeah, she'd board that flight
She'd fly away from trouble
From the struggle that they had
And from everything they shared
A tear fell on her ticket
As she thought about their love
In another minute
She'd give it all up
Then she heard a voice calling
Boarding flight 41
When another voice inside her said
You don't have to get on

People miss planes
It happens all the time
They cancel their plans

They change their minds
Listen to your heart
Before you go too far
Baby, turn around
Before it's too late
People miss planes

People miss planes
People miss planes
