Don't stay by me
Don't stay by me
Don't stay by me
Please don't stay by me
I have told you I'm busy busy
Please now leave me
I'm really sorry
But you know that I don't need
That you stay with me
Don't stay with me
Don't stay with me
Don't stay with me
I had a hard night
Then understand I'm not in high
Spirits, my little guy
You can see my eyes
They are not really bright
I don't feel very fine
Don't trouble me
Don't trouble me
Don't trouble me
