I was drivin'  
Getting tipsy  
When suddenly  
'saw this urchin  
I stopped my car, hey baby  
Wanna come with me ?  
She said O.K  
My room's that way  
'hope you can pay  
I lack money  
But then I thought "Oh shit  
I don't have notes on me ! "  
She left her shirt  
Rolled up her skirt  
You want to flirt ?  
She asked first  
Then said "You should take drugs

It won't do you any hurt"  
Then we arrived  
Her room was bright  
And there she stripped  
I took her hip  
And said "I'm sorry babe  
I don't have dough to sleep  
Then I was thrown  
She didn't loan  
So I came home  
But I can warn:  
When you're in lack of sex  
You should make it alone
